Notes:
• As the Webex system requires some downloads, please take time in advance of the Webinar to log in to the Webex link using the same PC you will utilize for the Webinar. This may take a few minutes to complete.
• The Webinar will not be live until the moderator starts it a few minutes before the planned time.
• It is only intended to utilise Webex for visuals, therefore do not select the Webex videoconference or audio service.
• Once you have phoned in to the audio service please mute your phone. If there is too much background noise the moderator will have to put everyone on mute.
• Trimble will not be providing IT support during the Webinar.
